

GETTING IT RIGHT: INTERVENTIONS & STRATEGIES

*Since its launch in 2018, over two thirds of Wolverhampton schools have accessed training for **Getting It Right**; a Good Practice Guidance Resource for helping schools to support positive behaviour and emotional wellbeing. We are offering a range of practical workshops focused on interventions and strategies to promote positive behaviour and emotional wellbeing.*

We hope you can join us!

Each workshop will give you the tools and skills to implement interventions and strategies in your setting and with the children and young people you support. Our workshops are running throughout the year and we are also able to deliver them directly in your setting for your whole-staff or groups of staff.
